## EXPERIENCE

### SDE-I (Front-End)

*Jungle Games by Flutter Entertainment, Gurgaon* | Nov 2022 – Present

Tech Stack- React.js, JavaScript, Python, HTML, CSS

- Single handedly developed scratch card for all platforms and delivered to maintain business KPI.
- Created IPL & World cup feature-rich UI & reduced numerous API calls by implementing cache in a short time frame.
- Designed and developed a Teen Patti redemption store, enabling users to purchase Amazon vouchers, t-shirts, and exclusive offers using Teen Patti wallet chips, enhancing user engagement and monetization.
- Developed various reusable components like carousel, testimonial, leaderboard in the Jungle's project.
- Created python scripts for new servers in which automated the memory utilization & CPU usage alerts, backup creation with validity.
- Created mail alerts for the SEO performance score using Python.

### Associate Front-End Developer

*OneBanc Technologies, Gurgaon* | Oct 2021 – Nov 2022

Tech Stack- React.js, JavaScript, Python, HTML, CSS

- Created a secure customer onboarding webpage in collaboration with partner banks to handle confidential customer details like Aadhar, PAN, MPIN, etc.
- Developed OneBanc's specialized salary calculator, which computes tax deductions to determine the end customer's final in-hand salary.
- Designed a five-screen, single paged, responsive company's website via various engaging animation, as per UI requirements.
- Revamped the loading architecture of the landing page, employing a lazy loading mechanism, to cut down the initial UI loading time by 70%.
- Made HTML Mailers, HTML Pdf's for customer onboarding.
- Coordinated with iOS and Android teams for helping them out in WebView of their application.
- Further improved the website's functionality and responsiveness by optimizing features for a broad spectrum of browsers and devices.

### Web Developer Intern

*ReLops, Faridabad* | Apr 2021 - Sep 2021

Tech Stack- JavaScript, HTML, CSS

- Developed frontend features for an inventory management system, enhancing user experience and functionality.
- Engineered dynamic animations to elevate organizational presence, infusing development expertise into captivating visual narratives.
